Heli Jet Southern Fiordland (full day tour)

Departing our Lakefront Helipad we will fly over a geological marvel Mt Titiroa, which from a distance looks as though it is snow-capped. In fact it has magnificent and huge white granite formations and small hidden lakes within visible from the air. We then arrive at Teal Bay at the southern end of Lake Hauroko where you will transfer to the jet boat for an exhilarating ride down the untamed Wairaurahiri River. This is an adrenaline pumping jet boat ride. Lake Hauroko is the deepest lake in New Zealand and flows into the Wairaurahiri River which falls 200 metres to sea level and has 27km of grade 3 water rapids. The river is commonly described as New Zealand's longest waterfall.

On arrival at the remote Waitutu Lodge, situated on the west bank of the river on an ancient marine terrace covered in dense virgin podocarp forest, you will enjoy a fabulous bush style BBQ lunch including locally sourced venison. Once your lunch is complete the helicopter will return you to Te Anau with 2 further landings along the way. The first is at historic Percy Burn Viaduct and the second landing will be made at Okaka Lodge high on the Humpridge Track. This is a wilderness landing where you may choose to walk the short sub alpine Loop Track and surrounding bush, or just sit and enjoy a hot drink and snack at Okaka Lodge. We will then return to Te Anau. **This day out gives you a magical experience in Southern Fiordland which includes the opportunity to visit remote areas right from the valley floor to mountain tops. Highly recommended!**

Other Details: Full day itinerary including bush style BBQ lunch and afternoon tea. **T&Cs apply.**
