## Mt Titiroa Heli Hike

Departing our Te Anau base we fly over Lake Manapouri to our destination—Mt Titiroa. This peak (1,715metres) sits proudly behind the Manapouri Township and is most certainly remote as there is no track to this summit. This area is a geological marvel, which from a distance looks as though it is snow-capped. In fact it has magnificent and unique huge white granite formations and small lakes hidden within. From this elevated location you will have expansive views over Lake Manapouri, the Hunter Mountains, and on a clear day to Stewart Island. We will drop you and your guide off here for a leisurely stroll around the area, or a more strenuous hike if this is what you desire. Approximately 2-3 hours later the helicopter will return to transfer you back to Te Anau.

This heli hike would also be a photographers dream.

Other Details: Half day itinerary including gourmet packed lunch. **T&Cs apply.**
